

City Hoops Fall Basketball 2021

EVERYONE DESERVES HIGH QUALITY HOOPS

Begins August 23rd and 25th

Fall tryouts and skill practice

City hoops offers a variety of programs, including travel teams, AAU (fall, spring and summer), skill development clinics, shooting clinics, and personal training sessions. We strive to give kids competitive game experiences that will prepare them for future challenges. Our coaching goal is to provide positive reinforcement to help build character and instill confidence and accountability in young athletes.

Within each age group we are aiming to create a select team of players to develop on a pathway to grow and compete. We teach the game and put in the skill reps for successful development. We are currently forming boys and girls rosters for 3rd grade and up.

Dates for team placement/ tryouts and skills sign-up players:
